

JAWS DROP. PROFITS RISE.

The incredible looks are obvious. But it's the extra money you'll make that will leave you shining like polished chrome rims. How? Thanks to solid engineering and sleek design, you'll be saving at least 5% on fuel costs by driving either the International® 9900 or the International® LoneStar. Miles ahead from performance to pride.

FOR MORE OF THE MONEY SAVING STORY, GO TO INTERNATIONALTRUCKS.COM **MILES AHEAD**
