

OnCommand® Connection ELECTRONIC DRIVER INSPECTION REPORT (eDVIR)

INCREASE UPTIME

Increase uptime and reduce repair costs and service time.

SET UP IN A SNAP

Simple interface that walks you through set up.

PRE/POST INSPECTION

Application is configurable to be compliant and compatible for each state.

OPTIMIZE OPERATIONS AND INCREASE UPTIME

The OnCommand® Connection Electronic Vehicle Inspection Report (eDVIR) allows drivers to quickly complete pre- and post-trip inspections on a tablet and submit a digital report to Safety, Operations and Maintenance. eDVIR allows drivers to stay compliant with the Department of Transportation requirements, promptly address safety issues and ensure uptime of the fleet.

MORE EFFICIENT INSPECTIONS FOR DRIVERS

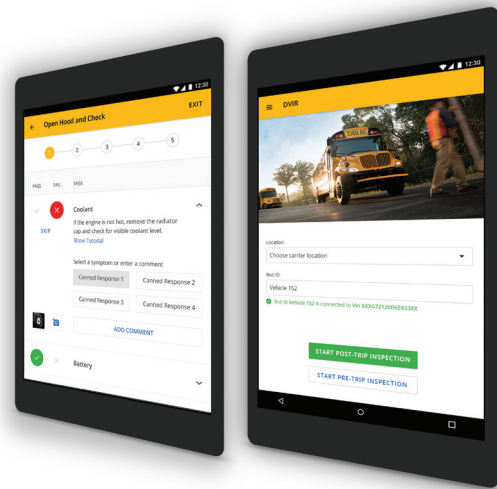

- Consistent walk-around inspection
- Reduces time to complete inspection
- Digitally record details and capture supporting images
- Identify a defect once – eliminates duplication of effort
- Visibility to recorded defects and past inspections
- Enables closed-loop inspection ensuring both the driver and maintenance personnel have approved the bus to leave the depot.
- Instant access to interactive tutorials

MORE FLEET VISIBILITY FOR MANAGERS

- Quickly identify vehicles in need of maintenance
- Closed loop communication on defects and resolution
- Store digital DVIRs for compliance and reporting
- Reduces unplanned repairs
- Combines with vehicle health report providing a single, comprehensive, inspection report.
- Improves vehicle uptime
